OFFERING #2 A

FLOWERING SIZE ENGLISH CYPRIPEDIUM HYBRIDS

These plants are divisions from our collection of Cypripedium hybrids obtained from growers in England. The quality of the crosses offered ranges from good commercial varieties to exhibition type plants, and are valued accordingly.

Cypripediums vary greatly in their growing habits and it is impossible to grade the plants using a standard of sizes applicable to all crosses. We have therefore used the standards of small, medium and large within each cross in pricing these plants. Pot sizes have little meaning in determining the size of a Cypripedium plant, and consequently we did not include it on this offering.

The medium and large plants have either flowered already, or are expected to flower within a year. The small plants are of a size to flower within one to two years.

We have only a few plants of each cross, so please indicate a second and third choice when ordering. It is not necessary to send payment with your order. Payment should be made upon receipt of our invoice or upon acknowledgment of your order.

Shipments will be made immediately by Railway Express unless otherwise requested.
